**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Having competitive options helps consumers make better choices about what works best for them and their lives. The limited options we already have between internet providers means that we have to choose to work with large corporations that don't respect our needs for privacy and are working against consumers interest for higher profits. We demand better alternatives.
